2023 COLLECTION

TERMS & POLICIES

AVAILABILITY

We aim for high stock availability from our German warehouse and the average delivery time for goods on stock is from 2 - 5 weeks (always depending on the final destination in relation to the distance from our warehouse in northern Germany, local forwarding services, local tax authorities etc.). For goods that are over sold and/or out of stock the delivery time is up to 14 weeks (does not apply to contract sales). For contract orders, each project will be processed on a case-by-case basis and lead times confirmed separately.

Items marked with ● are limited availability products. These products are no longer manufactured and will only be available until existing stocks have sold out.

NATURAL / BUFFED TEAK

As part of our normal product update programme, we are discontinuing the buffed teak finish on all products and switching to natural teak finish instead for all new production. However, due to existing stocks of buffed finish goods still in our warehouse, delivered goods could continue to be in buffed finish for some time until these stocks are exhausted. This also applies to red status items, where we only have buffed finish products in stock and will not be replacing with natural finish once sold out.

CUT & SEW CUSHION PROGRAMME

Cushions are made via our local Cut & Sew supplier in Germany. When the order for cushions is received, a purchase order is created and the cushions are produced at our supplier. The order is then passed over to our warehouse for packing and onward shipping to its final destination. We aim for a total lead time of 20 working days from receipt of initial order to shipment of the finished cushions.

RECOMMENDED RETAIL PRICES

All recommended retail prices shown are per single item unless indicated otherwise. All prices include VAT / MWST. The new recommended retail prices are valid from 1st January 2023.

Due to the current volatility in exchange rates, please note that we reserve the right to change the prices in-season.

ASSEMBLY / CONDITIONS OF SALE

Most Tables, Chairs & Loungers require assembly.

All prices are subject to our standard Conditions of Tender and Sale, a copy of which will be forwarded to you on request. All orders are accepted subject to being charged at the prices ruling at the date of dispatch.

CARRIAGE / DELIVERY CHARGES

GERMANY, AUSTRIA, SWITZERLAND, BENELUX & FRANCE
Orders over €1,500 will be shipped freight free.
Orders under €1,500 will incur delivery charges.

UNITED KINGDOM & IRELAND
Orders over €2,000 will be shipped freight free.
Orders under €2,000 will incur delivery charges.

MAINLAND PORTUGAL, ITALY, SPAIN & BALEARICS, SCANDINAVIA
Orders over €2,000 will be shipped freight free.
Orders under €2,000 will incur delivery charges.

ALL OTHER COUNTRIES
Shipments conducted on an Ex-Warehouse (Winsen, Germany) basis.

RETURNS POLICY

Written authorisation must be obtained from Gloster prior to returning any products. Products returned without prior written authorisation will be refused.

Defective products returned are inspected by our Quality Control Manager and replaced or repaired if the damage is a result of a manufacturer's defect. If it is determined not to be a manufacturer's defect, the customer, along with the Quality Control Manager will decide what further action to take.

For non-defective products returned as an unwanted order, a 15% handling fee will be applied and the customer is liable for all shipping charges involved in returning the items back to Gloster. Returned goods will only be accepted if returned in their original packaging, thereby suitable for re-sale.

AREAS OF USAGE

Certain products are exclusively recommended for use in the residential sector. Please contact your Sales Manager who can advise if a requested product is suitable for contract use. For use in public areas, in which the furniture is exposed to particularly high stress, such as public educational institutions, fast food restaurants or meeting places, special requirements and standards apply. Please always ask about the suitability of the respective Gloster products for these areas before placing an order with our company.

DISCLAIMER

Although the information in this price list is presented in good faith and believed to be correct at the time of printing, Gloster makes no representations or warranties as to the completeness or accuracy of the information. Gloster accepts no liability for any errors or omissions. Gloster reserves the right to change specifications and descriptions in the light of technical developments and the availability of materials. We try to edit our photos to show our product finishes and fabrics as life-like as possible, but colours reproduced in print will never be 100% representative of actual colour. We cannot guarantee that the colour you see in our literature or on-line, accurately portrays the true colour of the product in real-life lighting conditions.

BETTER DESIGN THROUGH CRAFTSMANSHIP & INNOVATION

With a series of uniquely styled products Gloster offers the opportunity to mix and match with an extensive range of diverse product collections.

From modular seating through dining tables & chairs, lounge and deco items, our collections combine sophisticated fabrics, textured powder coat finishes and of course our signature finish, plantation teak.

BORA

Bora combines the fine craftsmanship of an expertly crafted teak frame with the rounded expression of circles, extended to a soft and inviting seating comfort. The tactile and visual effect of a multi coloured weave completes the look.

MAYA COVE

Designed by London based Mark Gabbertas, Maya Cove extends the popular Maya collection and features deceptively simple all-weather upholstery supported by an ultra-slender, low maintenance powder coated aluminium frame. The addition of more structured back and sides with sling covered upper panels, now creates a more private and enclosed environment for the user.

GRID CABANA

Sunset to dusk to the rich blue of night; dream hours away sheltered in your own private cocoon far from the madding crowd. Use it as you will; with stylish striped fabrics, luxuriously deep outdoor cushions, oversize pillows and a handy integral shelf for personal effects, Grid Cabana is unquestionably the ultimate outdoor personal space.

MAYA

Maya takes the principle of the iconic Cloud collection and refines it to reflect the sophistication of the new Gloster design philosophy. The ultra-slender powder coated aluminium frame profile connects to cast aluminium legs with arm and back cushions upholstered in Sunbrella outdoor fabrics.

OMADA

Freedom is indeed luxury. Omada represents the freedom to move wherever you want and the ability to sit however you want. The inherent simplicity of the modular Omada collection is also the key to its success. Use the pieces alone or combine loosely together to form a larger seating unit – the choice is yours and easy to change when the mood suits.

BAY

Can you recall that sense of escape? Of finally leaning back, forgetting your worries and staring out across the water towards the setting sun? Henrik Pedersen set out to capture the feel of sitting by the coast when designing the Bay collection. The reclined position emphasises an introspective and relaxed state of mind and is intended to create a sense of being at rest in a safe-haven.

DINING

CARVER
WHIRL
WILLIAM

The humble table. A place to meet, a place to eat, a place to share time, experiences and interact with one another. Tables can be large or small, social or intimate. Shapes range from round, through square to rectangular. All in all, the table has quite a job to do, so just as well we offer a wide variety of options to help find the one that is perfect for you.

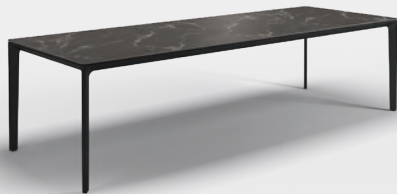

CARVER

In the same way that an artist carves in stone or wood to create a unique form, the same way of thinking has been applied to the Carver tables, where the cross-rail and legs have been subtly sculpted, like pieces hewn from a solid block. These iconic tables are topped with either stylish, slatted teak or practical solid ceramic tops.

LIMA

The essence of natural and tactile materials are brought together into one, defined element in the new Lima modular seating collection by Henrik Pedersen. With practicality always in mind, the flexibility of modular elements ensures configuration of your hideaway however you like. Sociable seating set, more intimate chaise-longue or sofa - with Lima the only limitation is your imagination.

FERN

Inspired by the delicate fronds of a unfurling fern leaf, the Fern collection by Sebastian Herkner has a design language that harks back to nature. Combining plantation teak with a soft finish outdoor rope, the enveloping, woven back rest both protects and provides the comfort and is attached to a typically Scandinavian style teak frame, which mirrors its contours and underlines the comfort aspects.

SARANAC

When designing Saranac, Mark Gabbetas imagined a design that combined exceptional comfort with an enduring aesthetic. A design approach which seduced rather than shouted, that one would feel at ease with immediately, and which could continue to charm for years.

KAY

With a dramatically curved back, Kay makes no secret of the defining factors in the design. Combining weatherproof and durable materials with a timeless teak frame, Kay is both comfortable and welcoming. The backrest is unquestionably the defining statement of the range, deliberately oversized and beautifully curved for comfort, Kay embraces you as you sit offering comfort and shelter.

FRESCO

Designed by Matteo Thun, Fresco picks up on the spirit of the 1960's - the timelessness, the ease and the elegance of terraces in Rome, Aspen, the Riviera and Malibu at that time. The light, almost floating seat element on the slim, powder-coated aluminum frame resembles a shell and results in an organic and ergonomic shape.

EDGE PROFILES

SAP WOOD EDGE

CONTOUR CUT EDGE

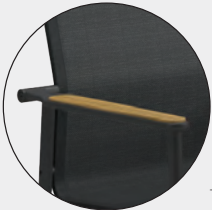

NOTES

RAW Sapwood Edge tables retain the natural edge of the board. During the life cycle of the tree, the sapwood will often be attacked by wood boring insects. The kiln drying process rids the timber of any insects. The small holes in the face of the sap, and burrows on the surface of the sap are all part of the natural character of the timber.

AMBIENT MESH

Light and shadow make the shapes come alive. Ambient Mesh by Henrik Pedersen hints to rustic origins. Here, the latticework of woven shades in a variety of sizes and colours, paints a subtle pattern in the dark - breaking up straight lines and creating a whole new set of outdoor decorations.

GLAZE COLOURS

TEAK FINISH

NOTES

Due to unavoidable variations in the firing of ceramic base tables, the final colour of the glaze may be different from the control sample included with our swatch samples.

BLOW

Bring sophisticated glazes in subtle hues to your life outdoors. The soft lines and natural tones of these beautifully rounded ceramic bases combine perfectly with plantation teak table tops. Eye-catching and inspiring, these accent pieces beautifully reflect light across their soft, round surfaces and compliment any item in the Gloster range while adding character to any outdoor space.

NOTES

Visible cracks on exposed end grain of timber components is normal. The end grain is the part of the timber where the growth rings are exposed. Although we aim to keep the presence of end grain to a minimum to reduce the risk of splits and cracks, it is sometimes inherent in the design of our product. In our Block items, we make a feature of the end grain. As the timber is exposed to changes in temperature and humidity, small cracks will open in the end grain. This will not affect the strength, performance or life expectancy of the product. In fully exposed positions, the cracks will appear quite quickly, and will be deeper. In covered locations, the cracks will be less visible.

TEAK FINISH	FRAME COLOUR	NOTES
		The teak used for the screen slats are produced from the small off-cuts that result from our standard furniture production process. As a result, colour may vary between slats and some slats may include small knots. These imperfections are purely cosmetic and do not affect the performance of the product in any way.

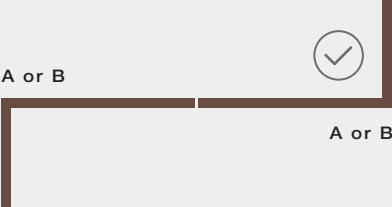

DIRECT SHIP

SPECIFICATIONS

COVERS
PRODUCT CARE

FABRICS
CUSHIONS

When choosing exactly the right outdoor furniture for your particular needs, function is just as important as style. In the following pages we have listed details of the various fabrics and cushions we use for our furniture to help you plan your selections in detail. Further technical information, including downloads and care & maintenance instructions are available on our website www.gloster.com

PROTECTIVE COVERS

Gloster protective covers are made from Weathermax, a heavy duty 100% solution dyed polyester material. Weathermax is a performance cover material combining UV resistance, water resistance, breathability and durability. The ability of the fabric to breathe is essential in reducing dampness, heat build-up and condensation. This in turn reduces the chances of problems such as mould or mildew becoming present on the furniture underneath.

With typical attention to detail, each cover is tailored to the unique dimensions of our product, ensuring a perfect fit. As well as covers for individual items, we also offer covers for all our stacking chairs, meaning that a single cover can be used for a stack of four chairs. For our modular furniture collections, adjacent covers are designed to zip and Velcro together so the entire set can be covered without the need to separate each item. All covers feature either a strap-and-clip connector or ties to ensure security against wind.

PRODUCT
CARE & MAINTENANCE

TEAK & UPHOLSTERY CLEANER

VOLUME - 1,000 ml

Thoroughly cleans & brightens teak or upholstery fabrics in one step. Also use to restore & revive weathered teak.

ITEM NUMBER
100973 : Teak & Upholstery Cleaner

€ 90

TEAK & UPHOLSTERY PROTECTOR

VOLUME - 1,000 ml

Repels water & moisture and helps to prevent stains from food and drinks on teak or upholstery fabrics. Also for use on weathered teak to help retain the silver grey patina.

ITEM NUMBER
100781 : Teak & Upholstery Protector

€ 90

TEAK SEALER

VOLUME - 1,000 ml

Helps to retain the natural, brown colour of teak.

VOLUME - 3 x 1,000 ml

Box set containing 1x 1,000 ml bottle of Teak Sealer, 1x 1,000 ml bottle of Teak & Upholstery Cleaner & 1x 1,000 ml bottle of Teak & Upholstery Protector.

ITEM NUMBER
104777 : Product Care Box Set

€ 250

FABRICS

No matter which type of fabric you choose for your cushions, Gloster only use the best outdoor textiles that are manufactured using 100% solution dyed acrylic yarns for maximum resistance to the fading and degrading effects of sunlight. All fabrics are finished with a water-repellent coating on the surface to reduce water absorbency.

GLOSTER FABRICS

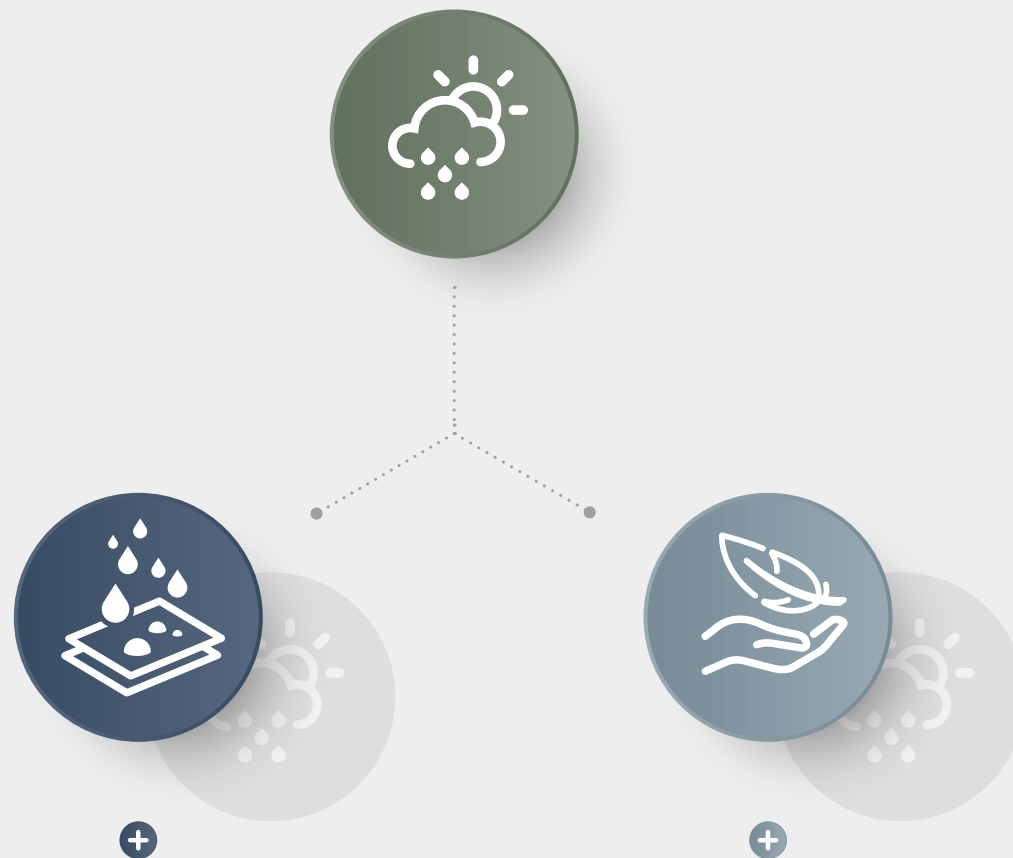

No matter which type of fabric you choose for your cushions, Gloster only use the best outdoor fabrics that are manufactured using 100% solution dyed acrylic yarns for maximum resistance to the fading and degrading effects of sunlight. All fabrics are finished with a water-repellent

coating on the surface to reduce water absorbency. If the fabric does become wet from prolonged exposure, they will come to no harm, and the fabrics will dry out naturally. Gloster cushions are offered with fabrics that fall into three distinct groups:

OUTDOOR PERFORMANCE

Offered in a wide selection of stylish and sophisticated fabrics with a soft hand, our Outdoor Performance cushions use the softest, most luxurious fillings that give

the feel of the most comfortable indoor furniture. A highly water-resistant barrier beneath the outer fabric cover protects the fillings, keeping drying times to a minimum.

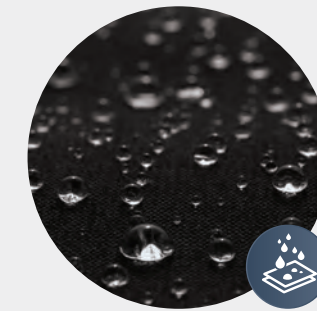

MAXIMUM WATER RESISTANCE

For maximum water resistance, a selection of Sunbrella® Rain cover fabrics features a water-resistant coating that is applied to the back face, helping prevent water travelling beyond the surface of the fabric. Although not offering quite the same soft hand as our other fabrics, these water-resistant fabrics are very practical and quick drying. The fillings inside the cushion are engineered using open cell materials to allow for maximum air circulation, helping to speed up the drying process even further.

MAXIMUM SOFT TOUCH

Combining with all the benefits present in Outdoor Performance cushions, Gloster offers this range of exclusive knitted performance fabrics that are the first to be used outdoors. These knitted fabrics offer the ultimate in terms of softness, giving a sumptuous cosy feel, while the inherent stretch allows for the perfect fit to even the most demanding of cushion shapes. The Wave fabrics feature a unique, 3D knitted structure giving levels of texture and softness unparalleled in outdoor fabrics.

FABRICS SPECIAL FEATURES

RAIN FABRICS

Sunbrella Rain is a water resistant version of the standard Sunbrella upholstery fabrics. Rain fabrics are treated with a weatherproof coating that minimises water absorption and enables the cushion to dry out much faster than standard fabrics. Rain fabrics can be completely moisture-free within minutes after a simple wipe-down. When wet, the fabric threads expand slightly, meaning any water simply beads up on the fabric surface, rather than seeping into the cushion filling and leaving behind residual moisture. Rain fabrics are a little stiffer than the traditional Sunbrella fabrics, but they share the same market-leading performance in terms of durability, fade resistance, and ease of cleaning - making them the ideal choice for all outdoor living and dining spaces.

UKFR (FIRE RESISTANT) FABRICS

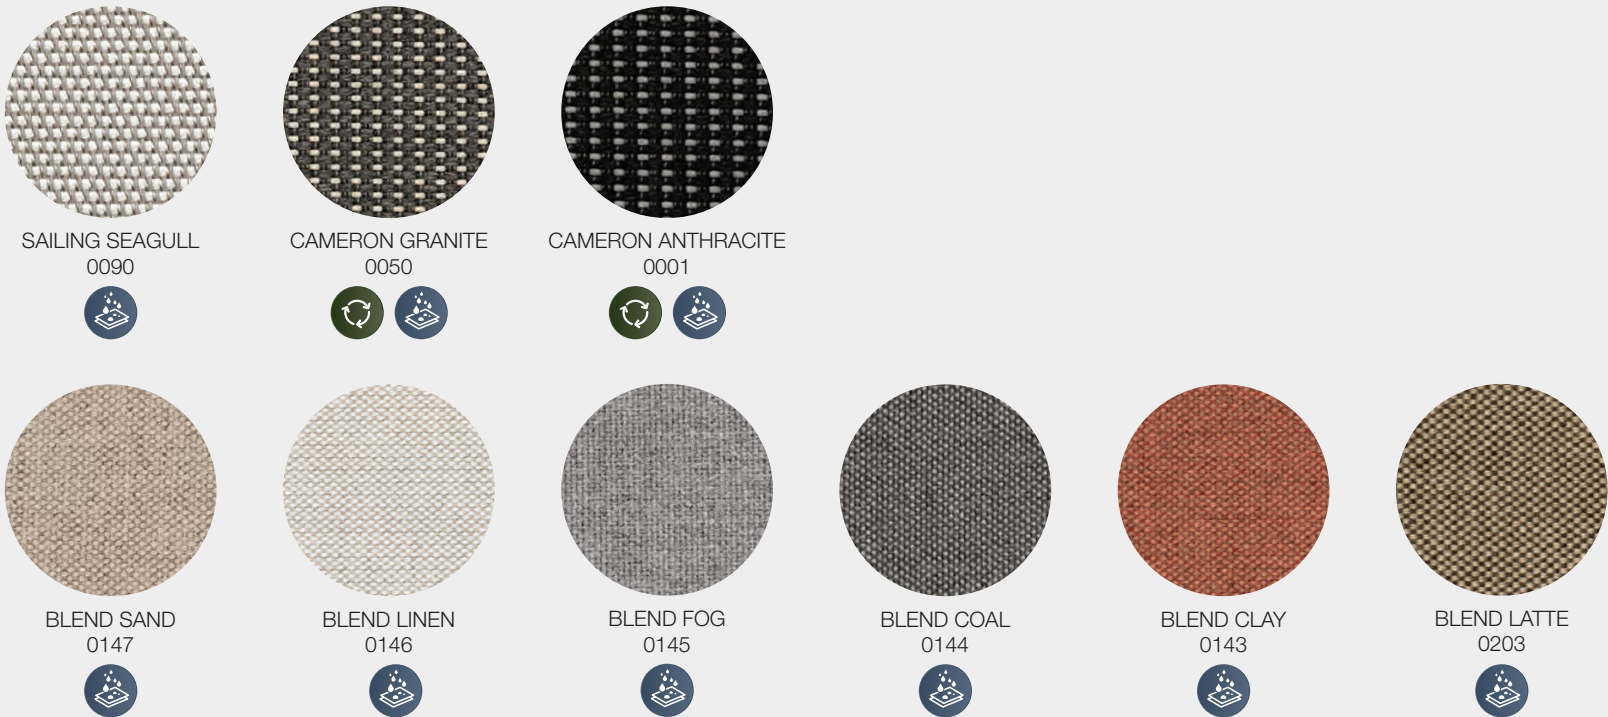

In addition to our standard grades of fabrics, we also offer five specific fabrics in fire resistant versions. The fire resistant versions of Sailing Seagull, Cameron Granite, Fife Rainy Grey, Blend Linen and Blend Coal have an additional back coating applied to ensure they meet the stringent UKFR (Fire Resistant) standard. These fabrics are not water resistant, so we recommend that furniture covers are always purchased when specifying these cushions.

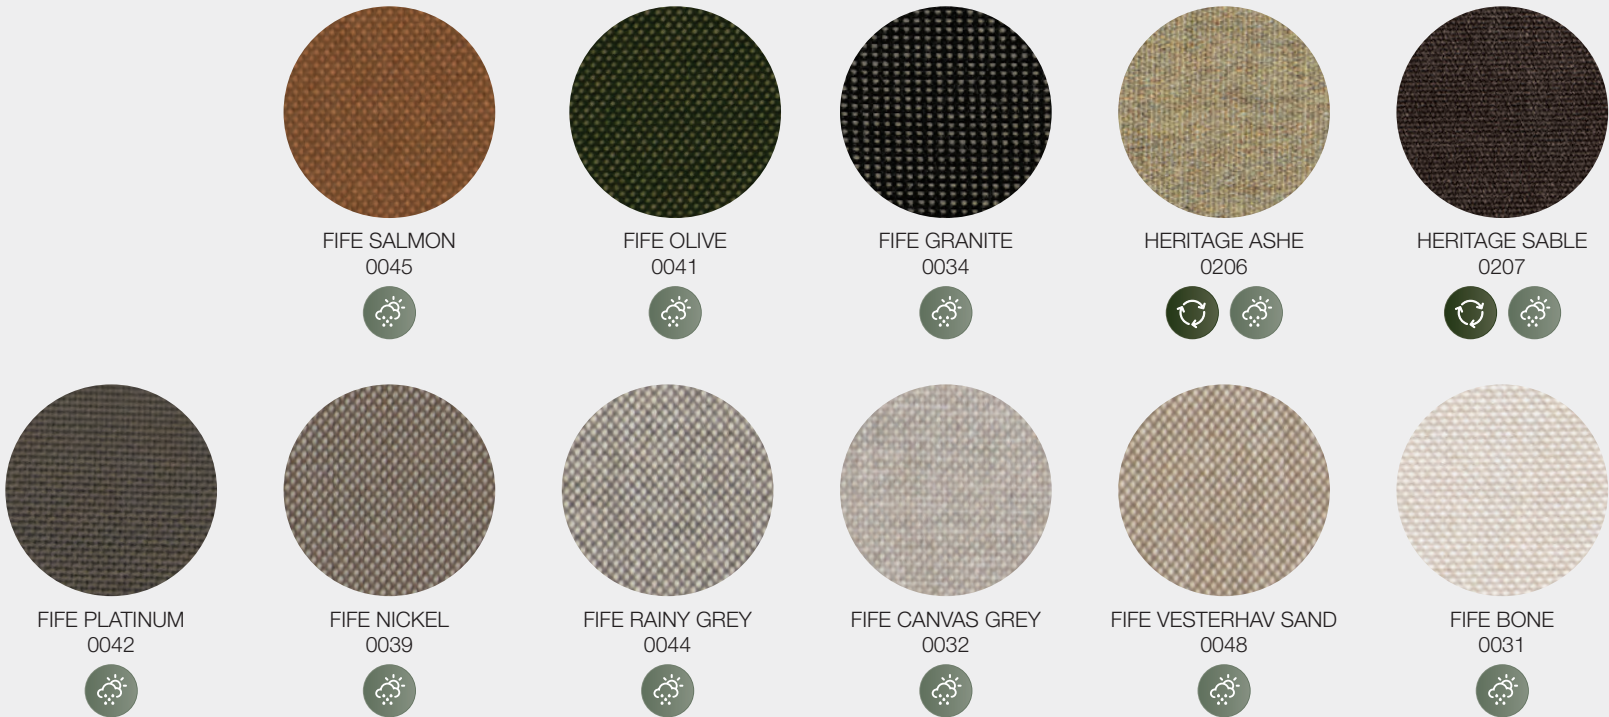

RECYCLED CONTENT FABRICS

Fabrics shown on the following pages with the recycled icon contain Sunbrella recycled yarns that emulate a homespun look with a natural diversity of colour within the yarn. Due to the nature of the recycled content, these fabrics may exhibit random colour specks and shade variations. These slubs can sometimes be a contrasting colour. The recycled content used is collected from the Sunbrella manufacturing facility, where the waste is segmented into colour groups, reduced back to its fibre state and finally mixed with virgin fibre before making its way through the manufacturing process. Due to the recycled nature of this fabric, the colour may vary between production batches and large sections of recycled yarns may run sporadically throughout the fabric. The presence of these recycled yarns should not be interpreted as imperfection, but as part of the character of the recycled fabric.
