

Wall socket

**Protective extra-low voltage** is a preventive measure for use under extreme conditions, the rated voltage (AC) is limited by max. 50V.

Special working conditions (conductive environment e.g. in or on boilers, pipelines, containers, metal frames or limited freedom of motion) require the use of extra-low voltage plugs and sockets.

- top and rear entry
- to order nickel-plated contacts please add a "v" e.g. 162v

IP44 splashproof
